Exciting Changes Upcoming at Trius!

Trius Federal Credit Union has proudly been serving central Nebraska for over 55 years and we are committed to future growth within the region. Trius is excited to announce we will be renovating our Kearney branch, building a new branch in Lexington, and opening a new branch in Grand Island.

We will also be introducing new technology to our branches, including Interactive Tellers in our drive-thru and NEXT® machines in branch. With these technology updates we will be able to offer faster and a higher quality of service for everyday transactions. We will continue to share updated with members as projects begin.

Our daily operations may look slightly different during the projects, but our member service and ability to serve our members will not change. We are very excited about the changes and expansion and strive to deliver simpler, smarter, better banking services to you. If you have any questions or concerns, don't hesitate to reach out to us.
